SML Laboratories

UKAS TESTING 31703

mCERTS THE ENVIRONMENT AGENCY'S MONITORING CERTIFICATION SCHEME

🎉 We are now UKAS accredited!

We're pleased to announce that our laboratory has achieved UKAS accreditation, marking an important milestone in our commitment to high-quality environmental testing.

Our accreditation reflects:

- A robust, independently assessed quality system
- Consistent methods and controlled processes
- A commitment to accuracy at every stage of analysis
- Confidence that our work meets recognised standards
- Results produced under strict quality controls
- A way of working clients can rely on

For our clients, this means:

- Trusted, accurate results
- Straightforward communication
- Reliable turnaround times
- A team that takes pride in doing things properly

This achievement reflects the hard work and discipline of our team, and our ongoing commitment to providing dependable environmental testing.

If your project requires a laboratory focused on quality and practical, responsive support, we're here to help.

A copy of our growing UKAS accreditation schedule is available on request. Reports will be issued in accordance with the accreditation status of the testing performed.
